Project Works:

Project Name : **Corteva and AEM 6.5 migration**

Designation: AEM **- QA (September 2023 to April 2024)**

Corteva, Inc. is a major American agricultural company that specializes in the development and production of seeds, crop protection products, and digital agricultural solutions. It was formed in 2019 when DowDuPont merged its agricultural division with parts of Dow's and DuPont's

former agricultural businesses. Corteva operates globally and provides a wide range of products to help farmers improve the productivity and sustainability of their agricultural practices.
Project Role: AEM QA role for Corteva with following responsibilities.

- Requirement Analysis and Design/Develop Test cases
- Performed Smoke testing, Functional testing, Regression testing and Sanity testing for all the releases
- Defect reporting and tracking till closure in Azure
- Uploading test cases and test results into Azure
- Performed mobile testing in saucelabs
- Attending daily status meeting with Client to discuss about the issues and in progress task.

Project Name : T-Mobile(Forntline)

Designation: AEM– QA (April 2024 to November 2024)

T-Mobile is a major American wireless telecommunications company, known for providing mobile phone services, high-speed internet, and related products. It operates as a subsidiary of Deutsche Telekom AG, a German telecommunications company. T-Mobile has established itself as one of the leading mobile service providers in the U.S. with a strong focus on customer satisfaction, innovation, and expanding network coverage.

Project Role: AEM– QA role for T-Mobile with following responsibilities.

- Requirement Analysis and Design/Develop Test cases
- Performed Smoke testing, Functional testing, Regression testing and Sanity testing for all the releases
- Defect reporting and tracking till closure in Jira
- Uploading test cases and test results into Jira.
- Performed testing in Magenta with the help of Figma
- Attending daily status meeting with Client to discuss about the issues and in progress task.
- Have got appreciations from the client and highlevel T-Mobile team for zero defect in UAT

Achievements:

- Got appreciation for learning technical skills in a short period.
